President's Message

Debra A. Kauffman, CCUE
dkauffman@whiterosecu.com

As we continue to return to a sense of normalcy, you can expect to see more of White Rose Credit Union out and about.

We have returned to classrooms with our free financial literacy resources, returned to events and business development functions, and continue to work hard to offer the credit union difference to our community members.

White Rose continues to see asset and loan growth, a positive sign that consumer spending and lending is heading back in a positive direction.

We recently swore in two new exciting individuals to our board of directors at our Annual Meeting. I am eager to welcome the thoughts, ideas, and input of Michael Muldrow, and Madison Fuller to the group of people that volunteer their time to dedicate themselves to the vision of our credit union!

Our team is consistently planning and researching new products and services to serve our members, especially in the digital age we are in. We are excited to continue to bring you exceptional service.

Thank you for your continued membership and support as a part of our White Rose family.

Sincerely,

profit organizations waive the application fees to participate in Give Local York, allowing opportunities for donations to support their missions and values.

Mini-THON Support

White Rose Credit Union contributed \$500 to both Central York High School and Dallastown Area High School Mini-THONs. The events take place in an effort for schools to raise money towards childhood cancer efforts. Both schools raised six-figure donations for their causes.

Clothing Drive for NENA

White Rose employees and members recently participated in a clothing drive for the Northeast Neighborhood Association.

NENA, established in 1996, operates Chrystal's Place, a resource center located at 216 Chestnut Street in York City. The center provides free food, clothing, diapers, and household items for anyone in need. The center remains a staple of the community as a valuable resource to the neighborhood.

Mad City Money

Members of the management team recently visited a Personal Finance Class at Dallastown Area High School. The class participated in a budgeting simulation called "Mad City Money."

The simulation gives students a peak at real world budgeting and the cost of living. Each student is given a scenario with their very own job, salary, living situation, and debt before taking on a variety of choices like where they will live, and what kind of car they will purchase among other financial options.
